AeU is a collaborative multinational university established under the auspices of the 33 Asia Cooperation Dialogue Countries (ACD). All academic programmes are internationally benchmarked, approved by the Malaysian Ministry of Education and accredited by the Malaysian Qualifications Agency.

AeU has garnered several awards such as the Brand Laureate Awards 2010 for “Best Brand in Education - e-Education,” and the Asia Pacific Entrepreneurship Awards 2010 under the “Most Promising Entrepreneur” category. Additionally, in 2012, the University was announced as "the best ACD Project" during the ACD Meeting in Kuwait.

Established since April 2007, AeU now has an enrolment of more than 20,000 students from 63 countries, and has graduated over 6,000 graduates thus far. As one of the leading provider of ODL in Malaysia, AeU has a diverse and international community of over 1,000 fellow doctoral students from 46 countries.

AeU offers 3 broad categories in education and training: (1) academic programmes; (2) professional and executive programmes and (3) joint certification programmes. The AeU education and training programmes are made accessible and affordable through a flexi mode of delivery whereby students may study full-time in our Malaysian campus or part-time via blended learning or online learning in their home countries. This has been very attractive in promoting lifelong learning for many working adults as well as in facilitating the promotion of internationalization via collaborative partnership in programme development and delivery.

AeU’s Knowledge Centre has a state of art “living library” ambience with the interface for the digital library in a virtual environment that offers 24/7 access to more than 40,000 titles of digital book, over 2 million e-Thesis, databases, thousands of journals and publications.
