

Affordable online distance learning

FLEXIBILITY and accessibility are key considerations in furthering studies for working adults. Advancing to higher education at Asia e University (AeU) could be a life-changing experience.

AeU is an international university. Established in 2007, it has grown to become one of the leading providers of Online Distance Learning (ODL) in Malaysia, under the auspices of Asia Cooperation Dialogue (ACD) with the support of 33 Asian countries.

AeU's innovative programmes have become the institution of choice for working adults. The programmes offered are flexible, affordable, personalised, complement students' lifestyles and are designed by drawing on the collective expertise of partners in Asia.

Today, AeU has an enrolment of more than 15,000 students internationally, and has more than 5,000 graduates so far.

AeU has been acclaimed with top honours and awards such as the winner of BrandLaureate Awards 2010 for "Best Brand in Education - e-Education", the winner of the Asia Pacific Entrepreneurship Awards 2010 under the "Most Promising Entrepreneur" category and the prestigious Multimedia Super Corridor (MSC) status award, which is a testament to its commitment to integrating technology and innovation into its teaching and learning methods.

Students can choose between full-time or part-time study through its fully online, blended learning and even work-based learning depending on their lifestyles, as AeU programmes are accessible 24/7. The flexibility of distance learning allows access to the user-focused learning platform from anywhere in the world.

About three to five face-to-face sessions for each class per semester will be conducted for part-time students and relevant learning materials will be uploaded to a user-friendly e-learning platform called Personalised Learning Space (myPLS).

Access to myPLS offers a flexible and easier way of learning and also ameliorates disci-

pline in daily time management. The teaching approach of the blended learning mode consists of classroom training in the weekends, home study, praxis learning as well as counselling in connection with the project report.

AeU offers over 40 high-quality academic programmes through five schools - the School of Management; School of Education and Cognitive Sciences; School of Information

and Communications Technology; School of Arts, Humanities and Social Sciences and School of Graduate Studies. All academic programmes are internationally benchmarked, approved by the Malaysian Ministry of Education and accredited by the Malaysian Qualifications Agency.

There are three intakes every year - January, May and September. Registration

is available online. At-counter registration is available at AeU's main campus in Jalan Sultan Sulaiman, Kuala Lumpur, or at any of its learning centres all over Malaysia. Though registrations are open based on the month of intakes, registrations for postgraduate programmes (by research) are open throughout the year.

For Bachelor's degree programme, an Open Entry candidate must be at least 21 years old and possesses a minimum of O-Level or SPM or equivalent.

For Master's degree programme the candidate must be at least 35 years old and has a minimum Diploma/STPM or equivalent or prior learning experience relevant to the programme.
